and training needs.”**

THE COMPANY

Founded in 1994, TDH Enterprises Inc. is a privately owned corporation in the business of helping job seekers and employers meet their training and employment needs. As a for-profit corporation, TDH understands the importance of managing contracts and performance, and building strong community partnerships.

Comprehensive Employment & Training Services

Qualified staff is the cornerstone of TDH's success. The owners and associates at TDH combine over 50 years of administering and implementing various government and non-government training and employment programs, including programs for economically disadvantaged and persons with disabilities.

TDH has evolved over time from a job development organization to one with the capacity to help individuals and businesses achieve success. The individuals are matched with jobs that provide satisfaction and career development pathways. Businesses are able to take advantage of Workforce Development and other government options to screen and hire employees with the added benefit of job coaching and life coaching provided by TDH.

SERVICE DELIVERY AREA

TDH provides services to eligible individuals residing in the Erie, Huron, Ottawa, Sandusky, and Seneca Counties. Services are *subject to program eligibility and availability of funding*. Please contact TDH as programs and services may vary in each county.
